I am glad that you have discovered your sister as a person  
and an individual. I am glad that you get along so well  
together. I feel that the book was just a little too advanced  
for her without a solid background. If she really  
wanted to read it then it is alright. I think that  
she should read novels with social significance  
that would be of interest to her. Why don't you suggest  
the books of Upton Sinclair or Fanny Bush. I am certain  
that she would enjoy them very much. You know they  
are interesting, human, sexy, and yet informative  
and socialistic.

Dearest you are ~~know~~<sup>no</sup> what you say is  
true and there are only two ways to look at it.  
Either convert our friends or drop them. And I don't  
believe in giving up easily do you.

Darling I want so much to be with you but  
my dearest we'll have to wait until school comes then  
and I don't ~~no~~ know when that is as yet. Darling I want  
you very much and I miss all the things you are. The  
smell of your hair the heartiness of your laugh, everything  
is clear and fresh in my mind. I love you very very  
much. I must promise you to be happy. In my heart I  
belong to you body and soul.

My love Sunday I went for a car <sup>ride</sup>. Tomorrow  
I shall tell you all about it. Am the way

down on some fern house, her breasts were moving rhythmically up and down and she was laughing very heartily. Suddenly I went into a daydream and I saw me racing with you across a similar lawn you laughing and your breasts moving under your blouse. I then dreamt of my coming home and for some reason I felt that we should run and laugh together in just that way with all our animal healthiness. Darling I love you.

Dearest you baked a cake and ate it yourself. You ought to be ashamed of yourself not sending me any of it. Next cake make sure you send some to me. I know it will taste like a million dollars.

Darling I meant that if you could feel the intensity of my passion over three thousand miles without physical contact? I am glad that you felt <sup>as</sup> what I felt when I wrote that letter to you. It shows how close and in love we are.

Dearest I believe you we shall live normally, no more night shift, no army, no more war. I love you and that is synonymous with our happiness.

Darling I am glad that you are over that one sided cold. Please stay healthy. Stay out of drafts and keep warmly dressed. Do you <sup>we're</sup> ~~other~~ your woolies as you should? Dearest about my income tax, what do you intend doing? Do I have to pay or do I get some money back? Please let me know

what happens. It is alright dear for you to open my mail  
I have nothing to hide from you. I see that you have  
finally come around to my point of view about the book  
look the "Century ~~is~~ Young." All those points that you  
made for disliking it were what I meant when I said I  
disliked it and more. Reason and you shall see.

Sweetheart that was quite an unusual morning  
you had what with a false fire alarm and the clock  
going off an hour early. To top it off you finally got  
up late after all. Oh well life isn't so dull after all.

About my being a machinist, well darling I am now  
in the motor rebuilding shop it is a very precise and  
interesting job and I like it very much. I shall explain  
all that happened tomorrow. Don't worry I am perfectly  
happy.

I'll close now with all my love and kisses  
hugs and caresses.

Darling you are right, it is our <sup>current physical</sup> that is doing the greatest part to our "social structure", namely capitalism with it's economic hold on everyone teaching them to grasp what they can and giving them no real future to look to. Dearest at present we are fighting a war to give people a chance at least. I hope that we can do away with the rotten structure, as quickly as possible. But ever stop analyzing people my darling. You are pretty accurate in your opinions of people. Maybe you would like to study the subject? Well what do you say to that?

Darling have you shortened your fingernails? Well dearest at least I won't be scared up again. Dear you know that I am only kidding. About my toenails they are waiting for you to clip. Dearest you certainly have grown mentally I mean. I am glad that you have grasped ~~that~~ <sup>the</sup> fundamental that philosophies and principles are determining factors in shaping our lives. You amaze me with your growth and stature. Soon you shall surpass me. Probably you have already and I shall have to be "on the ball" to keep up with you. I love you for it and other reasons.

Dearest my greatest pleasure would be to relax and spend a quiet Christmas and New Year's Eve in your arms just <sup>two</sup> of us. Your kid sister is young and you did the right thing in taking her out it makes her feel important and it is good for her to feel that way at her age.

Dearest Ruthie,

Monday 12/21/43 6:30 PM

Today I received six letters, five of them were from you. Dearest you write beautifully and you boost my morale with the love I feel in your words.

Darling I'll answer your letters today and I'll write you tomorrow about what has happened to me of late.

Dearest I realize that there are times when you don't want to go out. I assure you that I didn't tell Rennie to keep an eye on you. I know that there is no need to. I sometimes don't want to go out myself and I know that my wife probably is the same way at times. Sweetheart I realize that it gets awfully tiresome being confident to someone's woes. Dearest I think that they have no ~~one's~~ right to impose upon you. and that you are perfectly right to refuse to listen to his troubles and go out with him when he really needs the sexual relationship of a girl. I agree with you that he doesn't need a woman in whom to confide but one to whom he can make love to. So my sweet I agree with you whole heartedly. But darling you ~~can~~ should see him once in a while to keep our friendship alive. I love you very much and I know that you are the cleverest woman in the world. What I have said about Rennie goes as well for Esther I have. Please darling try not worrying about people's personal troubles.

The image is a high-contrast, black-and-white scan of a document page, characterized by extreme noise and grain. A large, solid black circle is positioned near the top center, likely representing a punch hole or a scanning artifact. The background is a dense, mottled texture of black and white pixels. Near the bottom center, there is a faint, horizontal, elongated shape that appears to be a signature or a mark, though it is too degraded to be clearly identifiable. The overall quality is poor, with significant loss of detail due to the high contrast and noise.

I was in the city of London  
 some time of the afternoon and found  
 my way to my mother's house in White Street  
 at 4 o'clock and there I found her and  
 father and the whole family of seven persons  
 to dine. She is married I have forgotten  
 but he was sitting down and then I told her  
 that he had been there for the week or so  
 and was trying to convert the people. He seemed  
 a devoted Christian. Then she told me about  
 a new book for girls and the impression you  
 receive from it. I was very much interested  
 in it (in fact of me) and then she told me  
 that the book was written by a woman called  
 Hannah (I think) and was written for the girls  
 in general. She was very much interested  
 in it. Then I went to the market with  
 her (the whole of them) and we went to the  
 market and bought some things. Then we  
 went to the park and saw the fountain and  
 the lake and the whole of the park. Then  
 we went to the church and saw the church  
 and the whole of the church. Then we went  
 to the school and saw the school and the  
 whole of the school. Then we went to the  
 house and saw the house and the whole of  
 the house. Then we went to the garden and  
 saw the garden and the whole of the garden.  
 Then we went to the street and saw the street  
 and the whole of the street. Then we went  
 to the city and saw the city and the whole  
 of the city. Then we went to the country and  
 saw the country and the whole of the country.  
 Then we went to the world and saw the world  
 and the whole of the world.

 I have received it & I am sure of it  
 I must say with thankfulness and you know  
 with the love I feel in your words.  
 Darling I'll answer your letter today and all  
 the good things that are happening to  
 me.  
 I don't deny that there are times when  
 I want to go out. I assure you that I don't  
 keep on being on you. I know that when  
 I do I sometimes don't want to go out myself  
 but that my wife probably is the same way.  
 I don't deny that it gets awfully  
 quiet at home. So does I don't think  
 I have known any wife to improve upon  
 and that you are perfectly right to  
 go to the trouble and go out with him when he  
 is the equal relationship of a girl. I don't  
 think he doesn't need a woman in whom he  
 can make love to. Be my heart  
 to you whole heartedly. But darling, you can  
 be his own wife. He keeps on saying  
 how you may mind and I know that you  
 don't want to be with. What I want  
 is that you are well for other than. Please  
 stop writing about people's personal

I feel that you have been very kind  
 and thoughtful. I am glad that you are  
 so interested in the book and that you  
 have written a solid background. I have  
 not heard of it before and it is altogether  
 a new kind of book with much more  
 and deep interest to see. Why don't  
 you let me see it. I am sure you  
 will be happy to show it to me. I am  
 sure you are a very good person and  
 there are only two ways to look  
 at one's friends in deep love. I am  
 sure you are a very good person.  
 I want to see much to be made  
 and will have to wait until we  
 can know when that is a good  
 time and I will do all the things  
 you say. The heart of your letter  
 is in my mind. I love you very  
 much and I want you to be happy. I  
 love you very much and I want  
 to tell you all about it. I am sure  
 you will be happy to see it.

The first thing I noticed when I stepped  
 out of the car was a warm breeze. I had been told  
 that the weather would be perfect. It was indeed  
 just what I needed. The sun was shining  
 brightly, and the birds were singing. I felt  
 like I had found a new world. The people  
 were friendly, and the food was delicious. I

When the person sees me know what you  
mean as I like to know what you think of  
the various propositions. Please don't doubt  
myself. I'm very happy to hear from you  
sometimes. I'll be there. He wants me and  
the beautiful spring days and clear nights.

How are you feeling now? Are you still  
longer than you had expected? As for the  
work, I'm sure that what I hope that I can  
do is to get the best of it. (All I think of is to  
get the best of it.) I hope I can  
do it. I'm sure I can.

When you had a copy of the book  
over the book. I'm sure of your in the same  
and I think of it. All the girls in the office are very  
happy. They are sure of it. They are sure of it.  
I'm sure of it. I'm sure of it. I'm sure of it.  
I'm sure of it. I'm sure of it. I'm sure of it.

During your journey you have met  
the same people in the same way. I'm sure  
of it. I'm sure of it. I'm sure of it.  
I'm sure of it. I'm sure of it. I'm sure of it.  
I'm sure of it. I'm sure of it. I'm sure of it.
